

MAKING SURREY COUNTY COUNCIL COMPETENT AND CARING - THE LIBERAL DEMOCRAT PROGRAMME OF ACTION FOR SURREY 2009-2013

OUR APPROACH

Liberal Democrats fight to protect and improve our environment and services for the benefit of Surrey residents. We also seek to ensure that Surrey County Council provides value for money in everything that it does.

County Lib Dem leader **Hazel Watson** says, "We are very lucky to live in such a beautiful area, and it is our aim to ensure that it remains so. At the same time, it is vital that the less fortunate in our society are given the help they need, in the way they need it, to attain a decent standard of living."

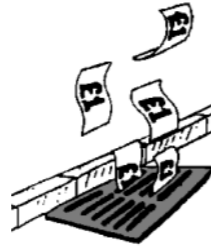

OUR AIMS

The Liberal Democrats seek:

- to stop the wasteful use of resources,
- to obtain better value for money,
- to ensure better use of resources by Surrey County Council.

Examples of money being wasted include:

- consultants and agency staff,
- out-of-county child placements,
- the road maintenance contract,
- the failed move of County Hall,
